Article IV. Obstructions

§ 260-24. Building material storage permit; conditions.

- A. Under certain circumstances where, in the opinion of the Borough Council, there shall be no other practicable means for the storage thereof, a permit may be granted by such Council for the storage of building materials upon a limited portion of the public highway or sidewalk abutting upon the property where such materials are to be used. Such permit shall be issued for a fee of \$25, payable to the Borough Secretary for the use of the Borough, to the owner or occupant of such property where such materials are to be used.
- B. Such permit shall be issued upon the following conditions, which shall be strictly adhered to by the holder thereof:
 - (1) Such permit shall be valid for a limited time, not in excess of 30 days, which shall be determined by the Borough Council on the basis of the scope of the work being undertaken and the inconvenience to the public involved, and such time shall be stated upon such permit.
 - (2) Such building materials shall occupy no more than 1/2 the width of the sidewalk or 1/3 the width of the public highway.
 - (3) Such building materials shall be placed so as not to interfere with drainage of the sidewalk, with access to any fire hydrant or with the flow of waters along the gutters.
 - (4) Such building materials shall be arranged in a regular, neat, compact form so as to occupy a minimum of space and to present the least risk of falling.
 - (5) The holder of such permit shall place lights and guards in the vicinity of or around such materials so as to prevent injury to persons and property.
 - (6) The holder of such permit shall file with the Borough Secretary a bond, in such sum as shall be determined by the Borough Council, to indemnify the Borough against all damages, losses, costs or expenses that are or may be occasioned by reason of the placing or storage of such materials upon such sidewalk or public highway.
 - (7) All such materials shall be removed from the sidewalk or highway and such sidewalk or highway shall be restored to the condition in which it was immediately prior to such storage on or before the date of expiration of such permit. If the holder of such permit shall fail to comply with the provisions of this condition, such material may be removed by order of the Borough Council and shall be placed upon the property where such material is to be used, outside the limits of the sidewalk, and in such case the expense of such removal and any additional charge authorized by law shall be collected by the Borough from the holder of such permit; provided, however, that nothing herein contained shall be construed to interfere with the grading of sidewalks or streets or the placing of material for such purpose under the direction of the Borough official in charge thereof.
